SERMON SUMMARY

You can not escape problems in life. You have to face them with the perspective of faith. God wants to use the problems we face in life to grow us and to develop us. The only way that we grow through problems, is to face problems. It is how we face them and how we believe that God will use them that makes the difference. Our problems can be an opportunity for us to develop our faith or for us to become bitter toward life and people around us. The Devil wants to use our problems to defeat us but God wants to use them to develop us spiritually.

DISCUSSION QUESTIONS

(Do not feel like you must cover every question below. Decide which one or ones really apply to your group or stir up an interest in your group. Do not rush to “get through them all.” It is more important that you discuss openly and honestly than that you go over every question.)

- 1. If you feel comfortable sharing, what are some of the problems or pressures that you are facing right now?**
- 2. How do you generally respond to problems or pressure points when they come into your life?**
- 3. When have you forgotten that God wants to use your problems to develop you and reacted to those problems in such a way that they have produced more problems or anxiety in your life?**
- 4. How can you learn from some of the problems that you are currently facing?**
- 5. Share one example of how God uses problems in your life to grow you or make you a better person.**
